Dip CII Courses

Advanced CII Courses

January / February - April 2010

CII Diploma Courses

Course Objectives:

The Diploma in Insurance is a technical and supervisory qualification for insurance staff working across all sectors of the industry (and the logical progression from the Certificate in Insurance). It will provide you with a firm grounding in insurance fundamentals and will enable you to build towards advanced technical knowledge, thereby ensuring you have the means to function effectively in a challenging environment. In addition to being a valuable qualification in its own right, the Diploma can also be a milestone on the route to completion of the Advanced Diploma.

Completion requirements:

To achieve the Diploma, one must achieve 110 credits with at least 70 credits of these obtained at either Diploma or Advanced Diploma Level and a minimum of 30 from an Advanced Diploma Unit. Units P05 and P92 are compulsory.

Intended Participants:

- Insurance technicians and those who aspire to be technicians.
- Supervisors, team leaders and those with long-term ambitions of assuming managerial responsibilities.
- Anyone wishing to hold a recognised, respected insurance qualification.
- Insurance staff employed in support functions wishing to develop their knowledge of the business.
- Those wanting to develop their knowledge and understanding as part of a progression towards completion of the Advanced Diploma in Insurance and Chartered status.

Advanced CII Courses

Course Objectives:

The Advanced Diploma in Insurance is a professional qualification for insurance staff working across all sectors of the industry (and the logical progression from the Diploma in Insurance). It provides an enhanced understanding of insurance practice, both in terms of technical subject matter and overall management skills.

The Advanced Diploma is a comprehensive assessment of market knowledge and understanding. In becoming qualified at this level, you join the community of proven insurance professionals. It is evidence of your purpose, commitment and ability. It can be your passport to a successful and fulfilling career.

Completion Requirements:

To achieve the Advanced Diploma you must accumulate a minimum of 290 credits, with at least 180 of these obtained at Advanced Diploma Level. Unit 510, P05 and 530 (or P92) are compulsory.

Intended Participants:

- Today's insurance managers and technical specialists;
- Staff with aspirations to become managers in the future;
- Those employees who wish to demonstrate their professional standing;
- Insurance employees without any other professional qualification and those who wish to build upon existing general academic qualifications, such as a degree, by obtaining an industry-specific qualification.

Course Venue:

Malta International Training Centre

Duration in Hours:

18 contact hours per course. A further 100 hours of self study is required for each of the module chosen.

Examinations:

Students taking the examination will make arrangements with the CII directly, for the purchasing of material and booking of examination. Further details may be sought from www.cii.co.uk
