Introductory Note

As we look ahead to 2026, it is a pleasure to reflect on another successful year for the Malta International Training Centre.

Throughout 2025, hundreds of professionals entrusted us with their development journey, reaffirming our mission to support the continuous growth of Malta's insurance and financial services community.

This year saw significant expansion in our offering. Locally, we introduced new workshops, masterclasses, and our first business breakfast—initiatives aimed at providing practical, relevant learning experiences. A major milestone was our first National Insurance Conference, organised with the Insurance Association Malta and supported by the Association of Insurance Brokers and the Malta Insurance Institute. Welcoming close to 200 participants underscored the value of collaboration and confirmed the strong appetite for industry-wide dialogue.

Our efforts to strengthen MITC both locally and internationally remained a core focus. We expanded our customised training programmes and deepened alliances with organisations that now view MITC as their preferred academy for CII certification and Diploma-level upskilling.

Internationally, a notable achievement was our partnership with Groupama Group, one of Europe's largest mutual insurance groups, with 32,000 employees, 12 million customers, and operations in nine countries. Being selected as their technical training partner was both meaningful and rewarding. Our long-standing partnership with the Ghana Insurance College continued to flourish through our immersive Educational Week programmes. Success has led us to increase these to two editions per year. We also pursued new opportunities in Albania, Kosovo, and Riyadh to further extend MITC's reach.

Since EMCS assumed the management of MITC, we have strengthened our portfolio of people-skills and leadership programmes through EMCS Academy, complemented by quarterly webinars that in 2026 will continue to focus on leadership, wellbeing, and resilience.

Our achievements are driven by our exceptional team of trainers—experienced, knowledgeable, and deeply committed to ensuring our content remains relevant and practical. I am also proud that, for the second consecutive year, MITC achieved outstanding evaluation scores from both trainers and trainees, reaffirming our dedication to delivering an exceptional learning experience.

This year we also established our Quality Assurance Committee, whose members have already contributed significantly to our academic and operational standards. In addition, we are proud to be a member of EFICERT, the European Financial Certification Organisation, which brings together leading institutions across Europe to strengthen professional competence and harmonise standards. Our involvement enhances our international positioning and reinforces our commitment to excellence. Additionally, we continue to work closely with the Malta Insurance Institute to enhance our alumni network.

The pages that follow outline our ambitious programme for 2026—built on relevance, collaboration, and a commitment to listening to and supporting the sector we proudly serve. My heartfelt thanks go to all who walk this journey with us; your support and collaboration continue to inspire all that we do.

Ramon Muscat
Director
MITC

Who we are

Established in 1981, the Malta International Training Centre (MITC) is a specialist provider of professional education and training for the services industry. With over four decades of experience, we have built international recognition across fields such as insurance, risk management, financial services, compliance, and regulation. Our courses are developed through in-depth research and delivered by subject-matter experts, ensuring that participants gain practical insights and industry-recognised qualifications.

Mission & Vision

MITC is dedicated to delivering high-quality, practical education and training for the services industry. Our mission is to equip professionals with the knowledge, skills, and qualifications they need to excel, while our vision is to be a leading international centre of excellence, shaping a highly skilled and empowered workforce.

> To provide an International Centre for Education and Training that caters for professional requirements.

> To assist participants studying Insurance, Risk Management, Financial Services and other related studies.

> To further increase the professional status of practitioners both in the indigenous and international markets.

Qualifications

MITC is fully accredited and licensed under the Education Act 1988, offering programs that are aligned with both the Malta Qualifications Framework (MQF) and the European Qualifications Framework (EQF). Our training offerings provide recognised certifications and continuing professional development (CPD) credits, equipping professionals with the knowledge, practical skills, and credentials required to advance in their careers. Participants benefit from qualifications that are respected locally and internationally, bridging knowledge with real-world industry practice.

Malta International Training Centre Limited (C5663) is an EMCS Advisory Ltd affiliated entity.

Courses offered by MITC 2026

Our courses are designed to support individuals at every stage of their insurance career, from newcomers to seasoned professionals. Combining theory with practical application, they provide essential industry knowledge and lead to recognised qualifications that enhance career prospects.

25	17:00-19:00	Duration: 2hrs
30	17:00-19:00	Duration: 2hrs

More masterclasses to be announced for Q3 and Q4

MITC National Conference

The Next Frontier of Insurance: Emerging Risks & New Opportunities

23rd April 2026

Join us for our upcoming conference exploring how emerging risks, innovation, and shifting market forces are redefining the insurance landscape. This event will feature thought-provoking panel discussions and interactive workshops designed to address the most pressing challenges and opportunities in the industry.

Highlights include:

- Panel Discussions: Big-picture, multi-perspective conversations on topics such as the future of risk and coverage, supervising innovation in technology, and building resilience in critical sectors.

- Workshops: Practical, hands-on sessions focused on cyber risk, climate resilience, sustainable business models, and emerging technology risks.

This is a unique opportunity to engage with industry leaders, regulators, innovators, and experts shaping the future of insurance.

Full program details coming soon – stay tuned!

Don't miss this opportunity to shape the conversation on the future of insurance.

MITC in London

June 2026

Following the success of past visits, this year's trip promises to offer an even deeper look into the dynamic world of insurance – blending professional insight, cultural exploration, and meaningful connections.

Join a select group of insurance professionals for a unique opportunity to:

- Engage directly with leading institutions and industry figures
- Gain first-hand perspectives on current trends shaping the global insurance market
- Explore the city's iconic insurance landmarks and its rich professional heritage

This immersive experience is designed to inspire, educate, and connect members of the insurance community – from emerging professionals to seasoned experts.

Full itinerary to be announced soon.

Spaces will be limited – stay tuned for registration details and be part of this exceptional professional journey!

Bespoke Training Programmes

Because People-First Companies Perform Best

- Are you exploring ways to upskill your team with targeted training – both technical and non-technical?
- Looking to boost performance, engagement, and retention in 2026?
- Need a flexible training partner who understands your business goals?

We see training as a strategic investment – one that fuels growth, enhances skills across diverse functions, and strengthens your competitive edge.

Our custom-designed training solutions include specialist technical training tailored for insurance industry professionals, alongside essential soft skills development – all crafted to empower your team to thrive.

Content tailored to your staff's roles, including insurance-specific technical expertise and professional development.

Delivery on your terms - in person, virtual, hybrid, or at our Academy.

Free initial consultation - no commitment required.
